## **Role of Intellectual Property Amid Covid 19 Pandemic**

As there are telltale signs of resurgence and revival in the economy after the forced hiatus induced by COVID 19 crises, industries are releasing that crisis is also an opportunity to invest in innovation and R&D. However adopting solutions from the rapidly advancing technologies also brings forth new intellectual property challenges emanating from new uses and emergence of new competitive relationships developing not just across entities and institutions but also across national frontiers.

To understand firsthand the crucial role of intellectual property evolving from the current pandemic and resolving IP challenges expected to emerge in near future, join us for a live session with a discerning panel of experts in a Webinar hosted jointly by MeitY Startup Hub(MSH) , Centre of Excellence in Intellectual Property(CoE-IP) and CPA Global.

**Date: 20th July 2020(Monday)**

**Time: 11.00 to 13.00 hours**

**Keynote Speaker:** Dr. AK Garg, Director, Innovation and IPR Division MeitY
